BIOGRAPHIE

Troyanova is coming from Vienna and became DJ out of his deep passion to electronic music. He was inspired by the underground sound of Ibiza and started playing his first tracks in 2002. Lately he was influenced especially from the up twisted sound of Circo Loco at DC10 and Sven Väths Cocoon Club in Ibiza. Ever since he is travelling to the spiritual Island and other major international music events to get new inspiration and to find **new and energetic music** for his audience.

He believes that good and special music brings happiness and joy to everyone's' life and gives a meaning to this universe. His heart beats faster for **Tech-House, Minimal, Techno and Deep House**. He loves bringing people to dance and to create energy to the crowd through his uplifting music. His style is influenced by all kind of **instruments and Arabic lyrics**. He **loves to mix contrasts** in his sets, with which he surprises his audience time and time again.

Troyanova brings the best party feeling to all parties, wherever he is playing. He played already with the finest DJ's from all over the world like **Pedro (Circo Loco / Label Arpiar)**, **Thomas Melchior** aka Melchior Productions (**Circo Loco / Cadenza Records**) and **Crazy Sonic (Flexschallplatten)** to name just a few of them. Troyanova brought Tech-House, Minimal and Techno closer to the Austrian party crowd. He thinks the time of commercial electro parties somehow will expire and people are ready for new kind of music mixes.

In autumn 2008 Troyanova started as **Resident DJ in Vienna at 2 major monthly events**, which he also organizes himself with his Partner. One is taking place @ the new very trendy and high-class underground **Club SKYKITCHEN** and is called **STARDUST**. The Second event series is called **HOCUS POCUS** which location changes every few months. In summer 2009 he made it to the most famous "over ground" **Club KRISHA MIRA** in **Moscow** and played for the exclusive crowd till the early morning hours. Troyanova is keen in achieving international reputation within the next time.

In autumn 2009 Troyanova released his first single dance hit '**Chinese Tearoom**' and this was just the beginning!
